REPALLE

INDUSTRIES LLP

Company Profile

Choosing the right cooking oil is essential for adding taste to food. Considering the importance of good taste along with superior health benefits in food, Repale Industries LLP brings forth Edible Oils. We are Pune, Maharashtra (India) based manufacturer of Refined Palmolein Oil and Refined Soybean Oil. Our offered cooking oils are beneficial for deep frying, baking and sauteing. A large number of certified healthcare nutritionists recommend our range of edible oils to consumers because of their rich health benefits like preventing vitamin deficiency, boosting weight loss, improving metabolism of body, controlling high blood pressure, promoting good skin health and lowering down cholesterol level. Our offered oils are considered the healthiest cooking oils because they are rich in fatty acids, which are beneficial for human health.

Cooking Oils for Every Kitchen

We are hugely proud to have been making our brand, ShipraGold, a household name in numerous Indian regions. We produce Refined Soybean Oil and Refined Palmolein Oil for all sizes and kinds of Indian kitchens. Our range is suitable for home as well as restaurant use. From North Indian to South Indian, our edible oils can be used for in all types of cuisines. Keeping different customers needs in view, we bring forth our range of oils majorly in quantity packs of 750 Grams, 1 Litre, 5 Litre and 15 Litre. Every pouch and bottle of oil imprinted with our brand name suggests it is safe and effective to consume.

Manufacturing Excellence

Our company has high technology production plant for performing safe oil extraction, quality inspection and packaging processes. Tonnes of edible oils are produced on a monthly basis at our advanced plant. Stringent quality maintaining norms are followed while producing aforementioned cooking oils. Our experts maintain hygiene during processing edible oils and also maintain processing machines for safe production.

Reasons To Choose Us

- We adhere to highest quality standards while producing edible oils.
- We maintain a stable stock of edible oils to make immediate order deliveries.
- We follow regulations of the Indian Food Industry while producing edible oils.
- We always remain active in solving customers queries and meeting their needs.
